

REWARDING CAREERS

LAURA NANTON

BRANCH MANAGER, ANDOVER

Having worked as an estate agent for 5 years, I wanted to look at a role where I could utilise my sales skills but in a different environment. I chose to look at recruitment with the Gi Group. I have worked at Andover branch for ten years now. I spent the first four years as the Commercial Temporaries Consultant and the last six years as Branch Manager.

I really enjoy building relationships with both my clients and candidates, gaining their trust and meeting their needs. It is rewarding when so much trust is placed in me to find suitable candidates and fill assignments.

I find my team at Andover to be friendly and willing to help me whenever necessary, cross-selling and utilising all our skills at every opportunity.
