

REWARDING CAREERS

SALLY HEWICK

GENERAL MANAGER, BRANCH NETWORK NORTH

I joined Gi Group 20 years ago. I started as a temporary Administrator in our Hull branch but within six weeks I became a Consultant. Ever the ambitious one, I set my sights on joining the management team and 18 months later I was travelling to Scarborough as their new Branch Manager.

A year later I was promoted to Regional Manager and then to General Manager. In April 2018 I was promoted to Operations Director – North, including Scotland and Ireland, branch network and On-sites. I also co-chair the Gi Group CSR Committee.

So, why recruitment and why Gi Group? No day is ever the same and challenging isn't the word! My career progression has come from hard work, achieving results, and the company consistently providing me with more training and opportunities.
